

Electric- Heating Water Distiller

WD-5/WD-10/WD-20

Performance and characteristic:

1. All of products are made from stainless steel.
2. Seamless stainless-steel pipes with good cooling effects & great capacity of water produce.
3. Drain valve can push the water in container, prevent bilge.

Parameter of laboratory water distiller:

Model	WD-5	WD-10	WD-20
Brand	BIOBASE		
Water output(L/H)	≥5	≥10	≥20
Power supply	AC110/220V,50/60Hz	380V/50Hz	380V/50Hz
Consumption(kw)	5	7.5	15
External size (Dia.*height)mm	310*700	355*820	405*677
Package size(mm)	360*360*820	360*350*900	540*390*740
GW(kg)	7.1	8.5	11.3
Origin	China		
Consumption (kw)	7.5		
Material	Stainless steel
